
Training on Transaction Desk

Posted by askiera - 2007/07/26 05:55

Are you ready to learn Transaction Desk? Let me help you. I am a certified Trainer for Transaction, so schedule your training for 2008 with me. Education is listed as one of the 5 criteria for your chapter.

Transaction Desk is the new on line forms management system available on TAR. Instanet forms is currently on line and is being replaced the first of the year with Transaction Desk. Please take a moment to log-in to the TAR website and review this. TAR is taking a step towards paperless transactions. Obviously not all clients are teck savvy, but in time there will be more teck savvy clients than there will be Realtors if we don't keep up.
