[http://www.wcr-tn.com/components/com\\_fireboard/uploaded/images/Susan\\_Mug.jpg](http://www.wcr-tn.com/components/com_fireboard/uploaded/images/Susan_Mug.jpg) I have uploaded my picture to my profile page, but the picture does not appear in the Directory List of Chattanooga WCR members. What am I doing wrong?

Your profile page and member directory listing are two separate listings.

I see that you have figured that out and have successfully uploaded your picture there.

For future reference to other members...

After you log in, go to the Member Directory and click on Add Listing. From there you will be able to add yourself to the appropriate Chapter.

Yes - I did get my pic on the Chattanooga Directory page, but it still does not show up on the "other" Directory page that you get to by (1) logging onto the main page at wcr-tn; (2) going directly to the "Chattanooga" link on the right side of the screen; (3) hitting the "Chattanooga Chapter" link on the left hand side of the screen; (4) hitting "Chattanooga Chapter" on the drop down menu

(1) I'm not sure what the "other" directory is, but if you're referring to your Profile Page, your picture should be there since it is posted here in the forum when you submit a post.

Also, when I click on "Member List" in the MY WCR menu and search "Susan", I see a picture of you that takes me to your profile page, with a picture of you...

(2) The Chattanooga link you're referring to on the home page of this site is an external link to the Chattanooga Local Chapter website. This is separate from the State Chapter website, and wasn't built or maintained by us.

(3) Again, this is a link on the Chattanooga Local Chapter site and you should contact the webmaster for help with uploading your picture.

(4) Same as two and three....
